

HELLO !

My name is Chris Butler. I am a talented editor well versed in the process of delivering top-notch commercials, promos, short films, and documentaries. Extensive experience with the Adobe Suite, 360 Virtual Reality workflow development, and Cinema4d. Works well either individually contributing, leading or participating on a team. Extremely detail-oriented and committed to creating high-quality finished products within tight deadlines.

EDUCATION

PALM BEACH ATLANTIC UNIVERSITY: BA CINEMA/TELEVISION
Decemeber, 2014

JOB EXPERIENCE

SENIOR 360 VR EDITOR: FlowFound, 08/2017 - 06/2020

- Senior 360 VR Editor – Headed Research and Development editing team tasked with creating an extensive library of 360 automotive content. Created the largest automotive library with extremely fast turnaround times for Honda, Ford, Subaru, Porsche, and more.
- Collaborated with Marketing department to create campaigns for adapting to virtual reality.

SENIOR EDITOR: MOONBREAK PRODUCTIONS, 02/2013-07/2017

- Lead Editor – Lead Editor – Assembled and led a varied team of assistant editors and freelancers to develop visual stories and create cinematic, high-end products for well-established clients, including one full length documentary.
- Collaborated with executive leadership and primary stakeholders on key editing and production decisions. Formed compelling short form stories from raw footage, utilizing cinematic color grades and clever editing techniques to produce high end commercials/films..
- Clients: City of West Palm Beach, Monq Therapeutic Air, Miami Real Estate, Nike, Toyota, Red Rhino, Hope for Haiti, PSC Security & more.

VIDEO EDITOR/PRODUCER: Caldwell and Kerr (formerly Moore and Scarry Advertising) – 01/2014-10/2016

- Video Producer - Produced commercials, promos, and other ads for the largest Tier B automotive ad agency in the country. Directed commercials including preproduction scheduling, budgets, production camera operations and lighting. Directed a small team of talented staff.
- Expert Editor – Developed visual content assembled from a variety of communication channels, including video films/scripts, multiple audio formats, images and graphic elements.
